Car leaves sect of "Old Believers." British naval officers are changed around. German insurance companies, which have neglected to pay San Francisco losses, conclude to pay up.

## BELL RALLY TAKES STAND FOR RUEF.

Laborite Bosses Have Clubs Out for Heney, Gillett and Citizens' Alliance.

Twitmoie and His Crew of Blood-Suckers Demand That the Grand Jury Investigation Be Taken Out of the Hands of Langdon—Their Attacks Will Make Many Votes for Langdon for Governor.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Oct. 29.—[Exclusive Dispatch.] The fact that Abe Ruef's meeting, called to attack Langdon and Heney and the Citizens' Alliance, on Sunday afternoon turned out to be a Bell meeting has

subsidized somewhat, but it has given place to a grim earnestness and avowed purpose that bodes ill for the Schmitz ring. San Francisco is ready to go to almost any length to get out

These bosses are now engaged in a life and death struggle for the control of San Francisco and to extend their power over the whole State of California, hoping thus to save themselves from the ruin that hangs over them.

If the Union Labor party, prompted and supported and made possible by Ruef, has a Governor of its own, he need not fear a grand jury. Hence all these bosses are doing all they can to defeat Gillett and elect Bell.

THIS group of portraits comprises craters and bosses of the Union Labor party of San Francisco; the party that made Eugene Schmitz Mayor and Abe Ruef his Privy Councillor; the party that nominated Theodore A. Bell for Governor, and is now trying to elect him.

Drug Is Given in Pears Which Were Sent by Supposed Friends—Enemies Pursued Man and Were So Vengeful, as to Cheat Electric Chair of Victim—Lawyer Makes Open Charge.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 29.—[Exclusive Dispatch.] That Antonio Spinelli, an Italian, who killed his brother-in-law, and whose trial for murder was to have begun today, who died under suspicious circumstances

South, who was counsel for the man. Spinelli was one of the first men in the Tombs, with whom Harry K. Thaw made acquaintance. During the hours allowed by exercise Thaw was frequently in the company of the Italian. Only last week he made him a present of a suit of clothes.

"From the fear in which Spinelli lived of his enemies," Ringrose said tonight, "and drawing conclusions from threatening letters which I have received, that unless I relinquished my interest in the case I would lose my life, there is no doubt in my mind that Spinelli was murdered."

"The inquest will show that he came to his death as the result of poison which was secreted in some pears which had been sent to him in his cell. Whatever poison was used was of the deadliest kind."

"Spinelli was never in fear of the electric chair. He was afraid, however, he would be murdered. His end justified the suspicions which I sought to dispel when he told me in the Tombs."

Ringrose visited the Italian Friday night. He was in the best of spirits, and looked forward to the beginning of his trial, at which he hoped to be acquitted, as he had killed his brother-in-law during a brawl at a christening, and he felt that his plea of self-defense would result in his acquittal.

A bag of particularly fine pears was left for Spinelli on Saturday. The prisoner had received gifts of fruit before, and was unsuspicious when the pears were taken to him, after they had been examined by the warden's assistant. There was no abrasion of the skin. The fruit looked harmless.

Yet no sooner had the Italian started to digest the fruit than he was thrown into convulsions, suffered so much that he was removed to the hospital, and in spite of the best medical attention, died on Sunday.

Dr. Frank McGuire, the prison physician, found a half-eaten pear in the cell. It bore no evidence of containing poison, Dr. McGuire declared.

In the Tombs on Sunday after eating fruit which had been sent to him, supposedly from a friend, was deliberately murdered under the noses of the guards of his cell, is the statement of Hyacinthe Ringrose, a lawyer, of No. 43 Washington Square

STANDARD IS FINED MAXIMUM OF \$5000.

Penalty Runs for Every Day Law is Violated and by Filing Individual Suits Corporation May Be Mulct in Sum of Six Million Dollars.

(BY DIRECT WIRE TO THE TIMES.)

FINDLAY (O.) Oct. 29.—[Exclusive Dispatch.] The Standard Oil Company is to escape with a fine of \$5000 and costs, which is the maximum fine that can be imposed. This is a new construction of the Valentine Anti-Trust Law. The section of the law under which the fine is imposed is perfectly clear and provided for a fine for each day the law is violated.

The Standard is charged with violating the law since July 6, 1903, which was generally supposed would make it liable to a fine aggregating \$6,000,000.

Judge Banker holds that each allegation must be the basis of a separate suit and that suits cannot be entered collectively.

The decision of the court has aroused attorneys all over the State.

SUSPENSIVE SENTENCE. EXCEPTIONS TO BE FILED.

(BY THE ASSOCIATED PRESS—P.M.) FINDLAY (O.) Oct. 29.—In the Probate Court here today Judge Banker overruled the motion filed by attorneys of the Standard Oil Company for a new trial and imposed a fine of \$5000 and costs of the prosecution in the recent suit against the Standard Oil Company here. On motion of the defense the court ordered that the defendant company be allowed forty days in which to prepare and file its bill of exceptions in the case, and on another motion by the Standard Oil authorities Joseph T. Bowling

Green, O., and S. H. Tolles of Cleveland, the sentence imposed was ordered suspended for a period of sixty days for the purpose of filing a petition of error in this case. It was also ordered that the criminal information pending against John D. Rockefeller, and the Buckeye Pipe Line Company and the Manhattan Oil Company be continued until the next term of court.

ROCK ISLAND EARNINGS GROW. INCREASE DURING QUARTER IS ABOVE MILLION DOLLARS.

Car Shortage Keeps Down Dividends and This Trouble Is Felt at All Big Centers—Railway, However, Makes Excellent Showing of Receipts.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 29.—[Exclusive Dispatch.] Earnings of the Rock Island-Frisco lines continue to make increasing strides, and, although the effects of car shortage are being felt at all the important points on the system, the flourishing condition in the great territory it traverses continues to produce record-breaking business results.

For the combined system for the three months ended September 30, earnings show an increase in gross receipts for that quarter over the same period in 1905 of \$2,465,541. While operating expenses and taxes increased \$1,251,427, there remained a gain in net earnings of \$1,214,114.

MAHN ROOTS HIGH. UPPER SANDUSKY (O.) Oct. 29.—[Exclusive Dispatch.] Edgar Mahan, after a record-breaking season with the Chicago White Sox, returned to his home at Nevada this morning. The citizens expected him this afternoon, and had a big reception planned, with a band and committee of girls in white clothing. A reception will be given, instead, tomorrow evening, at the village theater.

Langdon's campaign managers in this city claimed tonight for publication that he will succeed in "fixing" Ruef before election and that this success will land him in the Governor's chair, but privately they admitted that his election is beyond their real hopes, though they are sanguine that he will beat Bell at least in the city and State. The vote for Langdon in San Francisco will be heavy. It cannot be denied that some Republicans will vote for him. Bell is losing ground every day. The betting is two to one against him, with few takers.

UNION LABOR'S PRIZE TOWN. Leaders at Gary, Ind., Plan to Capture the Entire Work and Then De Politic.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Oct. 29.—[Exclusive Dispatch.] Organized labor has set out to make Gary, Ind., the prize town of the world. With 100,000 workers expected to be employed there and only one owning company, the leaders figure to bring about complete union-

ization, to capture all political offices in the county, to send a unionist to Congress and steel workers to the State Legislature.

Organizing work must begin before the new steel plant is surrounded by the proposed wall. After that is up, agitators expect a hard time to get wage-earners into the union.

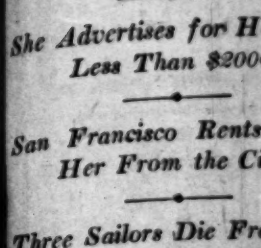

They Also Demand Continued Abolition of Army Cantenets, Want Constitutional Amendment Prohibiting Polygamy and Say Reed Smoot Should Be Excluded from Senate.

## POLITICS.

### THORNG HEARTY FOR CHARLIE.

**PASADENA THROGS HEARS C. W. BELL AND BEN WARD.**  
Candidate for State Senator Makes Statement About His Connection With Venue Convention and Says He Abso Rues or Walter Parker Shall Be Forced Down His Throat.

PASADENA, Oct. 29.—A woody throng assembled in Woodmont's Hall this evening to welcome Charles W. Bell, the favored candidate for Senator from the Thirty-sixth Senatorial District, and Ben E. Ward, independent candidate for County Assessor.

Volney H. Craig acted as chairman and introduced the speakers.

"We should have a man as State Senator who will represent THIS district," he said in part. "Have we such a man here? Gentlemen, I consider the conditions in San Francisco today due more to the effects of boss rule than to the earthquake."

"The Board of Supervisors had been begged by the people to put in a matter, but they refused because the bosses did not want them. It has been claimed that San Francisco was ruined because the water pipes were twisted by the force of the earthquake. That is not so. There was no water. That is that city saw a City Hall, the condition of which is known throughout the world. The walls of that building, which should have withstood the shock, were but shells filled with rubbish."

"Gentlemen, the conditions in San Francisco were caused by the fact that the essential men of the community did not turn out to vote. If the voters of Los Angeles county neglect their obligations at the polls and do not demand clean government we shall have the same disgraceful conditions here that exist in the northern city."

L. P. Crawford, introduced, spoke thus: "I am not going to make a set speech, but there are some matters that I feel we must call attention to. Do not believe in mud-slinging. Every man has the privilege of voting for the candidate of his choice. I have voted for every Republican President and candidate from Fremont to Roosevelt, and if I am alive two years hence I hope to vote for Roosevelt. [Cheers.]

"I have known Charlie Bell for twenty-two years. I know him as a strong and upright man. There is not enough money in any corporation to corrupt him. [Applause.] If he is elected, and I expect that he will be, he will make a Senator of whom we will be proud."

The man of the evening, locally, Charlie Bell, then took the podium. "I have no apology to make for appearing before you as the candidate of the Non-Partisan party," he said. "One of the charges brought against me is that I was a delegate to the Venue convention, and since that time have appeared as a candidate for office without the indorsement of that

# Men's Suits or Rainproof Overcoats

**Actual \$12.50 Garments**  
Here's a great two days' offer in men's clothing, an offer that should make the last two days of October the banner days of the season.

A sale to attract the attention of every man. Actual new \$12.50 high grade fall suits and stylish rain-proof cravenetted overcoats, all at the one price, \$8.00 each.

It's the Broadway way of doing things, a way that has made this clothing store step into the first rank of clothing stores famous for values. A sale of this nature would not be uncommon at the end of a season, but now when fall suits and overcoats are having the call, we make a price that rivals end of the season reductions.

**THE SUITS** are single and double breasted, medium or long lengths, with or without vents. Made with close fitting hand felled collars. Materials are all-wool Scotch tweeds, fancy worsteds, chevots and other high grade fabrics. Choose from plaids, stripes, checks, mixtures or plain goods. Sizes for all men.

**THE OVERCOATS** are made from high grade fancy worsteds, full length styles, treated with the cravenette process that makes them absolutely rain-proof. They are all splendidly lined and finished. Choose from pin checks, herringbone and other stylish patterns and colors, in greys, etc. Sizes 34 to 44. Coats that are practical for all occasions.

**STIMSON SPEAKS FOR WARD AT GLENORA MEETING.**  
Says in Effect That Hartwell Was Forced to Abandon the Fight for an Easier Job in an Effort of "Push" Bosses to Keep Innumerable from Assessor's Place.

**SPECIAL CORRESPONDENCE OF THE TIMES**  
GLENORA, Oct. 29.—A rousing meeting was held at the Glenora house tonight under the auspices of the Non-Partisan county organization. Attorney Rolfe Bidwell presided, and the speakers included Lewis A. Groff and C. F. McNutt, candidates for Superior Judge; Dr. James P. Booth, candidate for Coroner, and Marshall Stimson, candidate for the Assembly in the Seventy-fourth District.

The packing-house was filled with an attentive and appreciative audience.

The most effective speech of the evening was made by Mr. Stimson, who took up and discussed in detail the charges contained in a circular denouncing Ben E. Ward, present County Assessor, and candidate for reelection.

Mr. Stimson warmly resented the placing of the phrase "a square deal" at the head of the document, which he pointed out, was issued late in the campaign. He said that the document would not be sufficient time to properly refute the statements made therein. He said that if these statements were true and could be sustained by evidence, he would have issued an effective answer earlier date.

Mr. Stimson expressed his contempt for a coward and a liar, and showed that many of the statements in the circular were half truths and worse than lies.

He placed the issue squarely by showing that the salary of the offices of Assessor and Recorder were exactly equal, \$2000 per annum and no fees, and that the amount of work and worry connected with the Assessor's office was infinitely greater than that of the Recorder's office. No man of his own free will and accord, he said, would step from the office of Recorder to that of Assessor.

He stated further that so far as the rank and file of the Republican party and the citizens in general were concerned, they were satisfied with Hartwell as Recorder and with Ben Ward as Assessor. So far as they were concerned, Hartwell and Ward could have had these respective nominations.

"It is plain," he said, "that some other influence than that of the Republican voters dictated and forced Hartwell to leave the Recorder's office and take the nomination of Assessor."

This statement was greeted with great applause, and was thoroughly understood by the audience, who had been dragged by the "push" bosses from his soft berth as Recorder. Booth of the make of the fight against Ward, who has proved so disastrous to the machine.

In conclusion, Mr. Stimson ridiculed the position of the corporate influences which are paying for the attack on Ward, in which they tell the people that Ward has discriminated against the people in favor of the corporations. The speaker said he refused to believe that this solicitude for the public wel-

**SAN FRANCISCO, Oct. 29.**—When Secretary Victor Metcalf of the Department of Commerce and Labor arrives in San Francisco next Wednesday a considerable part of the day which he requires regarding the placing of children of Japanese parentage in a separate school will be ready for him to peruse.

Despite all the agitation that has been caused, the board is firm in the position it has taken, and will not recede unless compelled to do so by the courts. It contends that the action taken was in conformity with the State law, and until it has been held that the State law under which it acted is a violation of the treaty rights entered into between the two governments, the board will adhere to its position.

Today President Benjamin Ide Wheeler of the University of California called on President Altman of the board of Education and asked for information on the subject. He would not say in any way that he was seeking information, beyond the bare statement that he had been requested to secure information bearing on the subject.

### FAST FIGHT OF MIDGETS.

Attell and Baker Battle for the Championship.

Abe Still Favorite at Odds of Two to One.

Jack O'Brien Goes to Frisco to See Big Bout.

#### Boxing Show Events.

Abe Attell vs. Harry Baker, twenty rounds for featherweight championship of the world.

Kid Dalton vs. Frank Sheek, ten rounds for a side bet of \$200, at about 125 pounds.

Jack Browne vs. Mike Haney, six rounds, at lightweight figures as first preliminary.

ODDS IN THE BETTING.

Abe Attell favorite at 2 to 1. Attell to stop Baker—even money to 5 to 10.

In case of knockout, even money that Baker wins.

Various odds on whether one or the other wins in specified number of odds.

Abe Attell and Harry Baker are ready to step into the ring tonight and fight for the featherweight championship of the world, now held by Attell, at the Pacific Athletic Club at Naud Junction. It is expected to be the greatest fight ever indulged in by the men, so far as science goes, and the interest aroused in this city and all through the United States is phenomenal.

Never before has betting been so varied in a championship fight, and more small wagers are being made than large ones. There are few bets on the general outcome, for Attell is the favorite at 2 to 1, but there are a host of wagers on whether or not Baker will stay the limit, or whether Attell will be the loser if there is a knockout.

The fact that Attell's ability is fully known, while Baker is a speculative quantity, gives zest to the calculations on the outcome. The flights of fancy indulged in by some have sent Baker's stock soaring, for there are those who figure that his real worth has never been demonstrated. It is a pretty safe thing that he was extending himself when he fought at Naud Junction, and that he will be better prepared for the fight with Attell. There is no doubt but that Baker was a rather green boy when he stepped into the ring with Frankie Salter, but he is in experience. He was a finished boxer even at that time, but professional ring experience was lacking, as is evidenced by a little incident that occurred. When Neil shook hands with Baker he said:

"Now, do the best you can, Harry. There is a big crowd here, and you don't want to disappoint them, do you?"

Baker's eyes popped at the very call of the remarks and he went to his corner in an awed, if not frightened, condition. After the battle he said that what Neil said occurred to him in every round, and the wonder of it never left him until he was declared a winner.

Baker certainly did the best he could, much to Neil's regret, and he learned his lesson in ring manners. It is safe to conjecture that he is fully prepared for anything that Attell may say to him, and this time it will not faze him.

Both boys weigh between 120 and 125 pounds. Attell weighed 120 yesterday, but it is believed he will add a trifling before tonight. Baker is about 121 pounds. Weight cuts little with either man, as both are well below the limit, and each is backing himself to win at the best odds obtainable.

The match between Dalton and Sheek is attracting great interest and the San Diego bout would be good enough for a main event. There is a side bet of \$200, in addition to the purse. Attell, with whom Dalton has been sparring, bet \$200 even that his man would best Sheek. The young Italian is in the best shape of his short career and has learned a lot of clever fighting from Attell. He always has been able to rough it with any of them, and his most notable victory was that over Caesar Attell. The distance of ten rounds is far enough to ensure a decisive battle, though Sheek may be clever enough to go the distance for a decision. At one time he barely lost a decision to Edie Tom when the latter was at his best. Eddie has put a little bet on him.

Jack Brown fought a draw at San Francisco with Lew Powell, the champion amateur lightweight of the United States. Haney lost a decision to Young Ernie at Philadelphia, but put up a rattling good one.

Manager McNary expects the best house of the season, so far. The advance sale has been excellent and many reservations have been made. There is little doubt but that the fans will see the cleverest battle held in years, and the only one to be compared with it in that respect are the goes between Corbett and McCoy, the first fight between Frank Ernie and Joe Gans, the McCoy-Griffiths, and possibly the go between O'Brien and Tommy Ryan. Still, it is

"GUNNER" MOIR BEATS PALMER.

(BY THE ASSOCIATED PRESS—P.M.) LONDON, Oct. 29.—In this fight for the heavyweight championship of England between Jack Palmer of Newcastle, the present holder of the title, and "Gunner" Jim Moir, for a purse of \$1750 and a side bet of \$2000, tonight, before the National Sporting Club, Moir beat Palmer on a foul. Moir forced the fighting from the first and the struggle was pretty even until the final rounds. In the ninth Palmer hit Moir low several times and was disqualified.

the light of later day events, there appears nothing to equal the bout of tonight. Heretofore fights between clever men have not resulted in an entirely satisfactory manner, as for instance, the Corbett-McCoy battle. There are those who believe to this day that the fight was "fixed," and it may have been so. But these men are fighting in a different atmosphere and to each a victory means too much to make anything but the best bout possible of the go.

O'BRIEN GOES NORTH. WILL SEE 'FRISCO FIGHT.

Jack O'Brien will not be in Los Angeles to witness tonight's fight. He left last night for San Francisco and will be at the ring side when Berger and Kaufman have it out before Jimmy Coffey's club Wednesday night. He desires to see both men in action, for he expects to fight the winner for the championship of the world, provided he defeats Burns, of which he allows himself no doubt. O'Brien has boxed both men, but he wants to see the improvement Kaufman has made, and desires to ascertain how good a man Berger really is. It looks like a good battle, but the odds of 10 to 4 on Berger seem justifiable.

O'Brien will return immediately after the battle and begin active training for his fight with Burns, November 29. It is probable that he will get his camp ready Saturday. He has selected Venice in which to prepare for the fight, because of the excellent inducements offered him. He will train in the auditorium, where visitors can see him at work. All his expenses will

be paid by the management, even hotel bills. It is a snip for the luck-loving Quaker.

BURNS AT LONG BEACH.

Burns has not been overlooked in dishing out soft things. He has been invited to go to Long Beach to gain, and has accepted. The citizens have offered to pay all training expenses and furnish a few extras on the side. In return, all Tommy has to do is to show himself to the fight-loving inhabitants during his training. All boxing bouts with his sparring partners will be in full sight all who care to look, and no doubt there will be many.

Billy Woods and George Menzies again will be the sparring partners for Burns. Menzies trains for his battle with Charlie Neary, November 13, while Billy Woods will be the man-of-all-work. Frank S. Lewis will have full charge as trainer and no doubt will be able to do the two boys into the ring in as fit condition as it is possible to train them.

This fight means much to both Menzies and Neary, for the winner will be entitled to something good this winter. Jimmy Brits has been suggested to meet the winner, and McCarey has intimated that he thinks well of such a battle, and might offer a purse. The fight would draw very well.

Neary has won the admiration of the fight fans here—not by what he has done since his arrival, but by what he has not done. For he has been able to keep his mouth shut, without boasting, and has taken his position here in a very unassuming and modest manner.

One enthusiast, who wanted to hear the boy tell of himself, tried to draw him out.

"Did you fight Sawyer?" he was asked. Neary merely nodded.

"Did you meet Herrera?"—again the question.

"Yes," he said quietly.

"Well, how did you come out?" persisted the asker.

"I beat 'em," was all Neary said, and the records show that he knocked out a decisive battle, though Neary, and his most notable victory was that over Caesar Attell. The distance of ten rounds is far enough to ensure a decisive battle, though Sheek may be clever enough to go the distance for a decision. At one time he barely lost a decision to Edie Tom when the latter was at his best. Eddie has put a little bet on him.

Jack Brown fought a draw at San Francisco with Lew Powell, the champion amateur lightweight of the United States. Haney lost a decision to Young Ernie at Philadelphia, but put up a rattling good one.

Still, it is

Tommy Burns returned yesterday morning from Laralde's ranch, nine miles back of Newhall, where he passed two days hunting. Tommy Burns is a four-quarter quality, one less than the limit, and used but two boxes of shells, which is going to show that he is a real fighter. Laralde went with Burns and also took large bags.

Low Powell, the champion amateur lightweight, has written Manager Tom McCarey that he intends to enter the professional ranks and wants to fight the winner of the Neary-Menzies battle. Manager Tom thinks very highly of Powell, but does not see where he can give him a date at present.

Jim Tremble and Jim Flynn may meet in the preliminary to the O'Brien-Burns battle Thanksgiving Day. Manager McCarey has made them an offer and there is but a difference of a few dollars in the terms offered and asked. The men should put up a fine battle, both are willing, and it is only a question of terms.

"Cyclone" Thompson and "Rawhide" Kelly expect to leave today for Salt Lake City, where Thompson has been promised a battle with Dick Hyland. These boys were matched by a fight in San Francisco recently, but Thompson took ill and the bout was postponed.

Kelly says Thompson has been undernourished in Los Angeles because he has not been able to show at his best. He has had hard luck in every bout in which he appeared, Kelly declares. "Some day we hope to show the people here what Thompson is capable of doing," he remarks.

Thompson played the role of a fire fighter in Cahuenga Pass yesterday morning. He was out with Kelly for a walk, and saw a house on fire. The men rushed to the rescue and assisted in saving some of the property.

## POMONA DROPS RUGBY GAMES.

RETURNS TO INTERCOLLEGIATE STYLE OF PLAY.

Experiment Comes to an End in Dual Season and Coach Noble's Men Feel Proud of Record—Team Is After Southern California Championship from Now On.

(SPECIAL CORRESPONDENCE OF THE TIMES.) CLAREMONT, Oct. 29.—After today's rest the Pomona College football squad will go down to work on its change from Rugby to the intercollegiate game in preparation for the second part of the season's programme. Such a double season as this has never before been attempted in the history of football in America, and much interest is manifested in whether or not the college men will be able to conclude the year successfully. The squad has reason to feel proud of its Rugby record, with the 6 to 0 score against it in the Berkeley game, but whether or not the team will be able to swing into the hard work of preparation for the American style without going stale, is a question to be answered.

Owing to the shortness of the preparatory season before the first of the championship games, November 17, the men probably will fall into their positions quickly, and put in as much time as possible working together and attaining good team work. Coach Noble expects to have his team practically picked this week in order to allow the men to train as long as possible in their respective positions. The showing that the men made in Rugby will to some extent determine the positions they will take in the new game. It is more than likely that some new material will be available which was not on hand for the English game, while on the other hand some of the Rugby players will drop out.

The Rugby forwards, with the exception of Metcalf, will probably be out for the line positions, while the three-quarters and five-eighths men will work in the back field. Collins, who played both forward and in the back field, will probably try for half or full. Chisholm, who played in the back field, will perhaps go to full, where his headwork and sure tackling will be of great advantage. Metcalf is likely to be tried at full, where his weight will be of great use in backs, and where he can do the kicking for the team to best advantage.

Tomorrow the men turn out for the first time for the old game, and the afternoon's practice will afford the first opportunity to get a line on the team that will battle for the championship with Southern California on three weeks' notice.

JANES DEFEATS LONG.

Makes Great Rally, After Losing Two Sets to Tennis Champion, and Wins Out.

(BY THE ASSOCIATED PRESS—P.M.) SAN FRANCISCO, Oct. 29.—Coast Champion Melville Long was defeated today in the finals of the Bay Counties tennis tournament on the Golden Gate Park course by James G. Jones, from whom he wrested the title at San Rafael in September. The score was 6-4, 6-1, 6-3. Jones will meet Charles F. Foley, holder of the Bay Counties cup, in the challenge match next Sunday.

TO SELL FAST HORSES.

Sweet Marie Heads List of One Thousand Trotters and Pacers to Be Auctioned.

(BY THE ASSOCIATED PRESS—P.M.) NEW YORK, Oct. 29.—Nearly one thousand trotters and pacers already have been consigned to the Old Glory auction sale, which is held annually the two weeks which follow the horse show.

At the head of the list of speedy horses which will be knocked down to the highest bidder next month is Sweet Marie, 2:02, the 10-year-old daughter of McKinney. Sweet Marie was bought for \$10,000 and is expected to make a big record, this last summer.

ALHAMBRA TEAM WINS.

The Alhambra baseball team defeated the Dyas-Cline team in a baseball game played Sunday afternoon at the San Gabriel grounds, by a score of 8 to 5. The batteries were Dean and Callaghan for Alhambra and Byrons and Watson for the losers. The quarrels of the winning team were disappointed because of the enforced change of location of the ball grounds, which was held already. A mass meeting by the refusal of the owners of the Alhambra park, where the game was held, to allow the players to use them.

TONOPAH WANTS FIGHT.

TONOPAH (Nev.) Oct. 29.—W. S. Johnson of this place is working to secure the Gans-Herman fight for Tonopah. It is understood that \$1000 has been raised already. A mass meeting will be held tomorrow night in an effort to raise a purse of \$25,000.

the world's championship. That he would like to see Kaufman win there is no doubt. There has been quite a little feeling between O'Brien and Berger ever since their meeting at Philadelphia.

Dick Hyland and Cyclone Thompson have been matched to fight twenty rounds at Ogden, November 16, at 133 pounds. Thompson called the match off at Colma because he was sick. Thompson showed up so badly in his training that Roche did not regret losing the fight.

ANOTHER BALLOON RACE. PITTSFIELD (Mass.) Oct. 29.—(Exclusive Dispatch.) It has been decided by the Aero Club to hold another balloon race before cold weather, probably next month, at Springfield. A splendid offer has been made by the Springfield Gas Company of the use of a five-acre park near the gas works and it also offers to fill the big balloon Centaur with \$5,000 cubic feet of gas within an hour. Offers have also been received from Buffalo, Cleveland, Chicago and St. Louis.

BERGER RULES THE FAVORITE.

ODDS OF TEN TO EIGHT THAT HE BEATS KAUFMAN.

Quotations Figured on Showing Each Man Made With O'Brien. Winner Proposes to Challenge Jeffries for Championship Title—First Heavyweight in Years.

SAN FRANCISCO, Oct. 29.—The first real heavyweight pugilistic battle to be decided in this city for nearly two years will take place next Wednesday night when Sam Berger and Al Kaufman meet in the ring of the new pavilion skating rink. The advance sale of seats began today, and, judging from the number of tickets sold, the attendance will tax the immense building to its capacity.

Considerable betting is being indulged in with Berger ruling favorite at odds of 10 to 8. Jack Welch will referee the event. Billy Delaney, trainer and manager of Kaufman, announced today that in the event of his man winning, he stood ready to match him against Jeffries should the latter elect to return to the ring. Berger also will issue a challenge to the big, bodier maker should he prove a winner in the coming contest.

Jimmy Coffman, who is handling the event, is making preparations to take care of an enormous crowd. He states that the main event will be brought off at 9 o'clock sharp.

FAUFMAN'S CHANCES. MUST ROUGH IT TO WIN. (BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, Oct. 29.—(Exclusive Dispatch.) The Berger-Kaufman fight Wednesday night has excited much interest among fans, but no one seems eager to risk money on the contest because of its uncertainty. The men are evenly matched, and if Kaufman forces the fighting the result may be in his favor. If he stands off and boxes, Berger will whip him.

Jack O'Brien of Philadelphia will be at the ringside and watch proceedings. O'Brien expects to fight the winner for the world's championship.

### SHOT BY THE BROTHER.

DR. WICHMANN'S TROUBLES.  
RENO (Nev.) Oct. 29.—[Exclusive Dispatch.] Dr. Frederick H. Wichmann, who is out on bonds awaiting the action of the grand jury on charges made against him by Mrs. Benson, who accuses him of performing a criminal operation on her daughter, which caused her death, is now accused by Ethel Fine, a seventeen-year-old girl, of criminally assaulting her when she went Sunday night to his office for medical treatment.

In a wrangle at the house, Dr. Wichmann, who went there tonight to attempt to force a denial of the story from the girl, was shot by the girl's brother, Fred Fine, 19 years old.

One bullet took effect in Wichmann's forehead, badly shattering it. Three shots were fired in all, the other two missing. Wichmann ran from the house.

PRISONERS ATTACK JAILER.  
HIS DEFENDER IS INJURED.  
[BY THE ASSOCIATED PRESS—A.M.]  
TOPEKA (Kan.) Oct. 29.—When W. J. Patterson, jailer at the Shawnee county jail went into the cellhouse this morning to give the prisoners their breakfast, he was seized by Louis Vaughn, a prisoner, and thrown to the floor. Vaughn, a prisoner, under indictment for murder, came to Patterson's rescue. Patterson backed into a corner and started to shoot at the other prisoners who were coming to his aid. Several prisoners were injured and Vaughn was badly hurt.

MYSTERY IN THIS DEATH.  
An old man, whose papers indicate that he was G. L. Turner of Long Beach, was found dying alone in a "wash" near Saugus, Saturday. He was brought to the city yesterday and died at the County Hospital at noon. The circumstances surrounding his death are very strange.

Baggage checks found in his clothes have been traced to Long Beach, where he shipped two trunks, or other baggage, from Long Beach, last Friday noon. He took the 2:30 train north the same day, his baggage being checked for Stockton.

How he got off the train at Saugus and what he was doing there is a mystery. Friday night this old man was seen wandering around the station. He had a valise in his hand and seemed dazed. He staggered when he walked.

Saturday, when Constable Pardee found him dying in the wash, his body was in a terrible condition. His nose and his mouth and even his ears were filled with burrs and dirt. He was unconscious and had evidently been so for some time.

In his pockets were found \$200 in gold and a gold watch. The watch was covered with blood. He also had in his pocket an old soldier's free peddler's license and a cup badge with the word "transfer" on it.

He was brought down on the train and taken at once to the County Hospital, where he died yesterday at noon, without recovering consciousness.

The general opinion of the doctors at the hospital is that the old man must have been struck by a train. That doesn't clear up the mystery much, however. What was he doing at Saugus, where his baggage was going through to Stockton? If he was struck by a train, it must have been while wandering around Friday night in the dazed condition mentioned by those who saw him.

LOS NIETOS MEN JAILED.  
A. Gonzales and Jesus Madrid were arrested in Los Nietos last night by a deputy sheriff on the charge of disturbing the peace. The men were creating a disturbance by threatening persons living in that vicinity. They were brought to Los Angeles and locked up in the City Jail.

OIL LAMP CAUSES FIRE.  
Romanus Barroco of No. 355 Maple avenue returned to his home about 11 o'clock last night to find that it had been wrecked by fire. A coal oil lamp was left burning in the house and it is supposed that the light was overturned. The loss was about \$50.

PHONOGRAPH STOLEN.  
C. S. Jamison returned to his home at No. 125 Hewitt street last night about 11:30 o'clock, and found that burglars had entered and ransacked the place. Jamison said that he could not tell how much had been taken, but he missed a valuable phonograph.

### SISTER DIED INSANE.

Police of East Liverpool, Ohio, Will Write This to Arena Wilson, Who Asked Information.  
When Arena Wilson, of No. 517 Wall street, this city, gets a letter from Chief of Police John W. Wyman of East Liverpool, O., she will learn officially that her sister is dead. She died in the Massillon (O.) insane asylum about a year ago. Worry because she had been arrested was the beginning of her ill health. This so preyed on her mind that she became demented. She died six months after being admitted to the Massillon asylum.

Her name was Mrs. Bart Brown. Her husband is a pottery worker in East Liverpool and has been a police court character for several years.

Miss Wilson had not heard from her sister in years and wrote to the police to locate her.

SOUBRETTES SPIED ON.  
Pretty soubrettes of the Unique Theater on Broadway wish to keep the secret of their stage toilettes to themselves. When they learned last night that half a dozen young men had been climbing up a tall ladder and crawling over a soot-covered roof to see them every night for the past few weeks, they rushed to an officer and asked him to interfere. The officer made a raid on the roof party and J. Ferlin, W. Spanger, G. Gibbs and F. Garcia were arrested on charge of disturbing the peace and locked up in the City Jail.

CATCH CHINESE GAMBLERS.  
Ah Gee, Sam Hing, Lim Tong, Ah Fook and Jim Sney were arrested last night on the charge of gambling. Chinatown patrolmen broke into a hotel and discovered the five men engaged in an interesting game of fan-tan. The Chinamen were locked up in the City Jail, but released on bail later.

LOS NIETOS MEN JAILED.  
A. Gonzales and Jesus Madrid were arrested in Los Nietos last night by a deputy sheriff on the charge of disturbing the peace. The men were creating a disturbance by threatening persons living in that vicinity. They were brought to Los Angeles and locked up in the City Jail.

**CONCERNING JEFFERSON STR.**  
The Shriners are going to begin the construction of that GREAT CONVENTION hall on JEFFERSON, between Figueroa and Broadway, within the next few days, and I am positively going to begin raising the money for it. I have a lot of money, but I want 40 feet opposite on JEFFERSON, a lot of money on it worth \$2000. The price for the whole thing as it stands, but I want the Shriners start building it's a free.

As you thought the Shriners' House you'd see in about three weeks or taken one can be about several of the same time. Incidentally, you've lost the opportunity of buying THE MARGAIN OFFERED ON JEFFERSON HOME MONTH.

The ground this house stands on is 150 x 100 foot today. That's \$6000, so you throw in the house, worth \$2000, just don't want to be small about it. It's a 100 foot vacant lot just west of the house could sell for \$12,000—only it's not for sale. IS ANYTHING ELSE in this land for \$1 never a price in going up in the MOER, and in less than a month it will cost you \$7000. And by the way, I mean \$11,000 for \$7000. Wait and see how

ent, makes up the interior department, makes several important recommendations concerning needed legislation. He asks that all patented lands within the present limits of the park be condemned and purchased by the government, and also that a permanent military post be established in the valley. The latter is needed for the protection of game, which seems to be gradually on the decrease, because of poaching.

It is asked that Congress enact a law defining what is prohibited in the park, and fixing penalties for violations.

**NEW YORK LAWYER'S QUEST.**

(BY THE ASSOCIATED PRESS.—P.M.)  
WASHINGTON, Oct. 29.—The senior member of the New York firm of Farmer, Johnson & Galston appeared at the State Department, today, in connection with the charges which are said to have been made against Ambassador Thompson in connection with his alleged improper provision of arms to the Mexican revolutionaries. An arrest warrant has been issued in the City of Mexico on the charge of fraud. The firm represented the Liquidation Committee of the International Bank of America, which is now conducting a hunt in the City of Mexico. Farmer was informed that the State department had no official information

the subject and would, of course, be able to move into the attorney's office and present some credible evidence to support the allegation that Ambassador Thompson had improperly used influence in behalf of Hunt. Eugene Seeger, late Consul-General in Rio, has returned to Washington and called upon Secretary Root today. It is said, with the purpose of renewing the attack he made upon Ambassador Thompson when the latter was cast in Brazil.

## BILLBOARD FIGHTER OUT AFTER SCALPS.

### Woman Who Heads the Crusade Against City Landscape Abominations Will Make Report Today and Seek Test Case.

chairman of the Billboard Committee of the Civic Association, and some of the ugly high signs she is attacking through the association and the city authorities.

SOMEONE'S scalp will be dangling from the surface of the sidewalk today. Whether the scalp will be from the trim-cut head of the City Prosecutor, George Beebe, or whether the captain of police or the Chief of Police, or the real estate men who are accused of breaking the signboard ordinance, will suffer, is difficult to say; but it is certain that things will be done ere night, and somewhat picturesque things at that.

The little woman with the blood-thirsty intention is Mrs. J. F. Kanst, chairman of the Billboard Committee of the Civic Association. She will make a report of the anti-billboard movement today before the Outdoor Art Section of the Civic Association, and she will subsequently make one more to see if the city ordinance regulating the height of signboards in Los Angeles can be made to work, or whether it is really the dead letter it has appeared to be.

The anti-billboard crusade could hardly be called a movement in this city, for nobody seems to move except Mrs. Kanst. She says she has found it almost impossible to incite any of the proper authorities to get any sort of a move on that involves taking action against the billboards.

COMPLAINTS, NO RESULTS.

Among the city ordinances is one which says that no signboard or such structure shall exceed in height ten feet from the surface of the sidewalk. From appearances it would seem that this ordinance is simply for the purpose of adorning the statute books, and for nothing else that any one can discover. The energetic chairman of the Billboard Committee asserts that she has gone many times and made complaints at the Police Station against billboards in certain specified districts which exceed the limit of the law in height.

Now, what has become of those complaints? That question is exercising so many different people that a Chinese puzzle would be a simple proposition in comparison.

Two weeks ago Mrs. Kanst went again in person and entered complaint against a signboard just opposite Westlake Park. "I want to the office of the Chief of Police," she said yesterday. "The Chief was not there, so I gave the complaint to the person who was acting in his stead. 'Will you please tell me,' I asked the man in charge, 'why none of these complaints are ever heard of after I enter them here?'"

"Madam," he replied, "we do the best we can down here to enforce the laws, but as long as the present city prosecutor is in office there is no hope of getting anything done in this direction." Still he promised to enter the complaint, and I thought I would wait a few weeks and see if anything would

## UNDER MOTOR, UNDER WATER.

### Little Boy Ground to Death, Little Girl Drowned.

### Father Hears Dying Scream, Mother Finds Body.

### Fatal Accidents on Street and at Home.

While striving to dodge through the maze of vehicles and trolley cars at Hill and Temple streets last night about 7:30 o'clock, Freddie Baker, 4 years old, was run down and ground to death under the front truck of Temple-street car No. 812.

In company with his little cousin, Russell Baker, Freddie started from his home at No. 225 North Hill street for Russell's parents' residence at No. 241 North Hill street. When the two lads reached Temple street they found their way blocked by vehicles and electric cars.

At a moment when the congestion of traffic seemed to have abated Russell called to Freddie to meet him at his house, and ran across Temple street. Freddie followed, but a speeding, fenderless Inter-Urban trolley car, going east, was upon the little boy before he realized his proximity. Just as the car struck the child he gave a wild scream. The next instant his body was ground and dragged along the pavement beneath the motors.

FATHER HEARS SCREAM.

A feeling of apprehension came over O. E. Baker, father of the dead child, soon after the boy left the house. As he walked to the door Baker heard a piercing scream. He did not wait an instant, but rushed toward Temple street. Before he arrived on the scene he heard a murmur in the crowd that the boy killed was Freddie Baker and, he lost consciousness.

The passenger, clerks from stores, and a crew of another car hastily took in the situation. These stated that the body was in such a position that it could not be removed until the car was raised. One of the crew of another car called for the wrecker. While the horrified witnesses were standing about the car beneath which the little corpse was pinned, Russell Baker broke through the circle, looked under the body of the trolley and then ran away in horror.

When the police arrived they heard men and women, congregated about the car, uttering threats against the crew. They quickly restored order.

MOTORMAN RUSHES OFF.

From passengers on car No. 812 it was learned that Motorman Newell was running the car at a high rate of speed down the hill. Immediately after it struck the child and he cried out the car was brought to a standstill. Newell left his post and rushed away. Other employees of the company said Newell is the motorman who recently lost control of a car which dashed down Broadway street, in Seventh street, where it jumped the track and ran into a building.

The wrecking crew raised the car and Freddie Baker's body was removed to the sidewalk. A few minutes later the corpse was taken away from the scene to Breese Block morgue.

Baker, father of the dead lad, had come home from the Hotel Pepper, where he has been working, only short time previous. When friends could restrain him to return to the house from the scene of the accident, he found his wife prostrated with grief.

No expression of regret was heard from the car company employees. One of them remarked that he had long expected some "kid" would be killed, as they were continually crossing the street when they had no business to.

Morbidities near the scene said that some boys play in the streets to a considerable extent, but they do not remember that the little Baker boy was in the habit of making the highway a playground.

"TOOTSIE" DROWNED.

BABY DEAD IN TROUGH.

The patter of the tiny feet of little "Tootsie" Graves are heard only in the golden streets of Heaven this morning.

This time yesterday she prattled at her mother's skirts, and filled the now dreary cottage home with sunshine—the chief joy of her parents, the pride of the neighborhood.

Her other name was Hattie Louise Graves, but she didn't know it. From that glad day, less than two and a half years ago, when the little sunbeam entered the cottage, she has always been just "Tootsie," and though she had to have a name, nobody ever heard it.

With quivering lip her father, W. B. Graves, said last night at the cottage on Normandie avenue:

"Her name was Hattie Louise, but she didn't know she had any other name. Everybody called her 'Tootsie.'"

But the sadness of her end; it was hard to tell it. How hard to make use of the word "death," when speaking of such a little blossom. But "Tootsie" died, not like other children, and though the parent heart-strings must be strained and well-nigh rent in twain, it must be told.

"Tootsie," whose death should have been like that of the tiny bird that just sings itself to sleep, was drowned. The frantic mother sits wildly rocking fate of her darling; the father's drawn face and tremulous voice tell of his suffering.

"She was all we had—all we had," he said in an anguish-laden moan. Yesterday afternoon the father was at his work, and the mother attended to her household duties, as usual followed about by "Tootsie."

Mrs. Graves, thinking she would and told her to go feed the chickens. "Tootsie" was gone—oh, just a little while—a few minutes, Mrs. Graves thought, but when she looked out the back door the baby was nowhere to be seen.

"Tootsie, Tootsie, where are you?" "Tootsie" called the mother, as she went around the outside of the house and down to the stable where the chickens were, but no answer came back.

She turned again toward the house, believe it? Her blood almost froze in her veins!

"There in the horse trough, she saw 'Tootsie's' dear little feet sticking up in the air. Much quicker than it taken to tell it, the mother snatched her limp and lifeless darling from the wa-

ter—and now why not draw the curtain?

The trough is a half-barrel sunk part way in the ground, kept full of water for the horses, and "Tootsie," in her curiosity, had gone to look in the water and had toppled in.

No calamity in palace; no creeping of the Grim Reaper into the home where luxury, soft luxury, meets every whim; no great holocaust, could bring a greater depth of woe than filled that humble cottage last night, robbed of its sunbeam.

"She was a beautiful child," a neighbor lady said. "And everybody loved and petted her. Only on Thursday I said to her mother:

"'Tootsie' grows prettier every day.'"

"And we have never had her picture taken," exclaimed the fond mother; and on Sunday they took her to a photographer and had a negative made. And to think, today she is dead!"

Dr. E. O. Sawyer and Dr. Percival were called as quickly as possible after the discovery of the child, and made every effort to resuscitate her, but without avail. The arrangements have not yet been made for the funeral.

NOT WORTH MENTIONING.

What the Neighbors Say About the Apparel of Mrs. Darling, Who Was Arrested Yesterday.

Claiming that no sane woman could be such an untidy housekeeper, the Humane Society has caused the arrest of Mrs. Julia Darling; she was taken into custody yesterday at her home on Hunter street on a charge of insanity.

The complaint is based almost entirely on the woman's filthy house-keeping and her personal habits. Her husband is said to agree to the prosecution.

For years the Darling family has hung like a millstone around the necks of the various charitable societies of this city. Worms turned. Their home has been visited a hundred times. About every philanthropic organization has taken a try at adjusting their family affairs.

An agent of the Humane Society who went to the house to serve the paper on Mrs. Darling, says that the house is so dirty that it really is wonderful. In the most sickening surroundings live Mr. and Mrs. Darling and six children. The oldest child is 17.

Neighbors complain that Mrs. Darling lugs in her bed nearly all day long and scarcely ever gets fully dressed. They say that she wanders around the house very early in the costume of Eve, and goes about in the neighborhood without enough on to be worth mentioning.

The woman's examination will probably take place this morning.

MISTER OF MYSTERY.

Alleged Silk-Buying Swindler Who "Worked" a Los Angeles Firm Is Arrested.

The mysterious "Mister Alexander," who is alleged to have swindled an antique and experienced dry goods firm by a laughably smooth scheme, unwarily came back to town yesterday and was caught by the police. He turned out to be one Oscar E. Kelly, a silk buyer.

According to the accounts of the police, Kelly got into a swift gambling game in San Jose and was properly "dipped." He arrived in Los Angeles very much the worse for wear financially and had to raise money by fair means or foul.

He happened to know that the reliable firm of Axon & Alexander of Oro Grande were customers of the reliable wholesale house of Moore, Watson & Co. of this city; but that the members of the two firms did not know one another.

He hustled into the store of the wholesale dry goods house on Eos Angeles street and said he would like to order a few goods. Few! His list was over two feet in length in fine printing. It amounted to \$194.98. It contained every conceivable thing in the dry goods line. Every time the polite clerk would suggest something, "Mister Alexander" would order two or three of the thing.

He directed that the main part of the stuff should be sent to "this" firm in Oro Grande; one order of silk he said he would like to take with him, however, as he had an immediate customer. As the firm of Axon & Alexander is perfectly reliable, he was cheerfully handed the silk.

He is alleged to have taken this silk to certain stores in Los Angeles and disposed of it for \$73.90.

The amusements of Axon & Alexander of Oro Grande can be imagined when this enormous bill of goods came trundling up to their store.

Kelly was seen on the street by one of the men in the Moore-Watson firm Saturday and was arrested by a passing patrolman. A complaint against him was issued yesterday by the District Attorney, and he will be tried today in Justice Rose's court.

## TOILERS TURN ON GRAFTERS.

Workers in Printers' Union  
Tired of "Strike."

Trouble - Breeding Officials  
May Lose "Jobs."

and Closed-Against-Totem  
Shops Likely.

After ten months of impotent  
struggle to foment the un-American  
shop upon the employers of the  
Los Angeles Printers' Union has  
upon itself, and its members,  
a pack of wild animals, are try-  
ing to reach each other in their  
the absolute failure of their  
efforts.

A movement is on foot among the  
dozent members of the organiza-  
tion to oust the officials who  
this strike upon them. An  
has been made to the Interna-  
tional Typographical Union to compel  
the striking totemites to take  
the union offered them, or to call off

A meeting of the organization was  
held Sunday, and a split developed.  
The trouble arose over the refusal of  
some of the idle benefit-drawing gang  
to take the jobs offered them in one of  
the closed shops of this city.  
The idle men have no charms for the  
union, which has been pouring money  
into the city for the support of the  
strike.

The international Typographical  
Union, which has been pouring money  
into the city for the support of the  
strike, has been investigated conditions  
and found a gang of the loafers  
who are absolutely refusing to work as  
they secured "benefits." As  
a result the assessment of 10 per cent  
upon the wages of the workers  
and the local jawsmiths refused to  
pay of the strike. This was not sat-  
isfying and another vote occurred.  
The assessment was cut to 5 per cent,  
and it is said that on November  
the assessment will be reduced to  
1 per cent. This sop thrown to the  
employed failed to satisfy them  
and a movement was started to oust  
the present officials.

With politics at its height, the jaw-  
smiths do not desire to show  
politicians with the weak spine  
and from whom they secure graft "do-  
nations," the absolute absence of  
unity among the gang, they have  
refused to call off the strike of the  
union until after the November elec-  
tion. The jawsmiths are scared.

During the last month's desertions  
from the ranks of the totemites have  
been wholesale. These men have ap-  
plied to their former employers for  
work and have been kindly that  
there was no vacancy, and they would  
have to look elsewhere. The result  
has been that the members of the union  
who would work and who paid the  
money which kept the idlers in "grub"  
have become scarce, and those who  
remain were taxed so much the more  
to keep the jawsmiths in office.

If the leaders are able to carry the  
day they will impeach the present of-  
ficials of the organization, and call off  
the strike. They claim to have the  
sympathy of the international officers.

A meeting of the employers of print-  
ers and pressmen was held a few days  
ago, and while no determination has  
been officially arrived at, it is con-  
sidered that the several large  
printing establishments of the city that  
will adopt the "closed shop" but  
as the totemites desire it. They  
will make it an iron-clad rule, just as  
the Founders' and Employers' Associa-  
tion has done, to employ no member of  
the totem gang in their establishments.

## UNION PLUMBERS OUT.

FREE WORKINGMEN IN.

Twelve union plumbers were dis-  
missed Saturday by the Blum & Jay  
Company, and free workmen were  
employed. Instead, the representa-  
tives of union labor wanted to run  
the business, and without regard to  
the interests of the firm.

F. A. Jay of the Blum & Jay  
Company said: "We raised the pay  
of the union men about a month ago  
and also granted them a half-holiday  
Saturdays. They were not con-  
tent, however, and when, last Satur-  
day, they informed me that they  
wanted their pay before noon, and I  
discovered that they were not ready  
to do even a half day's work, I told  
them that they could get out."

"I am not having any difficulty in  
getting men who are not bound by  
union shackles. In fact, hereafter I'll  
be obliged to do with union  
members."

## ELECTRICS INJURE TWO.

One Street Car Hurled A. E. Wyman  
from Wagon and Another Injured  
A. Bacilio.

A. E. Wyman, of No. 231 South Hill  
street, was hurled from a wagon he  
was driving, near Main and Thirty-  
first street, last night about 7 o'clock  
through a collision with an outboard  
street trolley car. He sustained  
serious injuries to his back. Had it not  
been for the tender of the car, Wyman  
thinks he would have been killed in-  
stantly. P. Rigbold, a motorist, was  
also slightly injured by the collision.

"The car was running at a high rate  
of speed and I heard no warning bell,"  
said Wyman. The electric car ran  
westward, and the motorist, who was  
driving eastward, was hurled from the  
car to the pavement between the  
tracks. The car fender picked me up  
and carried me some distance."

When the car struck the wagon, it  
drove the shafts upon Rigbold, who  
was returning from the L. Guller Sheet  
Works, at No. 1714 South 8th  
street, to his home at No. 1272  
West Thirty-eighth street, and hurled  
him from his motorcycle. Rigbold sus-  
tained slight bruises to the face  
and body.

Believing that Wyman was serious-  
ly injured, an officer called an ambu-  
lance and had him removed to the Re-  
ceiving Hospital. Wyman is employed  
as a driver for the N. S. Nalino Wine  
company, of No. 123 North Spring  
street.

When A. Bacilio attempted to leave  
his University car at McClock and  
Twenty-first streets, about 9 o'clock  
last night, the motorist turned on the  
brakes and the sudden leap of the  
car hurled Bacilio to the pavement.  
Passengers on the trolley car  
assisted Bacilio to his feet and he was  
taken to the steps of a house near  
Bacilio was sent to the Receiving Hos-  
pital, where it was learned that he  
sustained a badly lacerated  
wound and bruises on the body. Bacilio  
lives on West Washington street.

## ALLEGED THIEF CAUGHT.

Attracted by the cries of robber and  
the tumult of oaths and curses in  
English and Spanish, about 8:30 o'clock  
last night, Detectives Chapman and  
Henderson, who were on duty, started  
in a chase and captured  
the alleged thief. When they ques-  
tioned J. Puentes, the leader of the  
gang, he said that Vasquez had  
been taken to the City Jail, where they  
were detained until the police in-  
vestigation was complete.

## BILLBOARD FIGHTERS.

(Continued from First Page.)

happen. The billboards I cited in my  
complaint are still adorning our West-  
lake Park neighborhood, and I have  
heard of no action that has been taken  
in the matter."

Today Mrs. Kanst will file another  
complaint, and this time she intends  
going to the City Prosecutor's office  
instead of the police department, as  
she has done heretofore.

NOT THERE SAYS BEEBE.

Hearing of her intention yesterday  
The Times undertook to trace the  
whereabouts of Mrs. Kanst's latest  
effort.

City Prosecutor Beebe was the first  
one interviewed. "I am very much  
surprised at such a story," said he,  
when the quest was explained. "I can  
state positively that no such complaint  
in regard to billboards over the regu-  
lation height has been received in this  
office to my knowledge for the past six  
months, and certainly not recently."

Mr. Beebe's assistants, Mr. Eddy and  
Mr. Frederickson, were also ignorant  
of any such complaint.

"I would just like to know the man  
who made such a remark to Mrs. Kanst  
about this office," said Mr. Beebe, with  
much heat. "It is just on a line with  
some other things that have come to  
our ears in regard to matters that have  
never been brought before us at all."

"Why," he exclaimed, "you can see on  
the face of it, that we would not stat-  
ify ourselves in this office by refusing  
action in such cases if complaints  
have been made downstairs they have  
never come to any one of us in this  
office."

Mr. Beebe seemed to be unaware  
that the city is festooned in every di-  
rection with billboards placed on top  
of billboards, the original structures  
being ten feet in height, and the com-  
pleted affairs extending much higher.

"We are sadly in need of additional  
legislation in regard to billboards in  
this city," he explained, "and we have  
often made such recommendations. The  
present ordinance is inadequate, I fear,  
to cover all cases where light signs  
are attached to the original billboard.  
In fixing height, the original structure  
is named, and not what is afterward  
attached, but," he added, "if there is  
any question about the matter we  
would prefer to file a complaint, and  
let the courts pass on it."

CAN'T BE FOUND.

Down to the office of the Chief of  
Police a Times reporter then went. No  
trace could be found of Mrs. Kanst's  
complaint, filed two weeks ago. It was  
not on the books, and no one remem-  
bered it. Referred to the captain's  
office, the reporter continued the quest  
for the elusive document. It had dis-  
appeared. No trace on the books there.

"Well, what has become of it?" was  
asked Eddy, and various opinions  
were offered. It may have been re-  
ferred to the policeman on the beat.  
But, one, "and his complaint put on  
file."

"What is on file?" asked the re-  
porter. "Does that mean to bury it?"  
"Well, you see," said the most cau-  
tiously, "we make complaints about  
some things so often and never have  
any attention paid to them that some-  
times an officer gets discouraged and  
sees that there is no use to enter any  
more of the same nature, but you can  
depend on it if that complaint was  
made it was put on file for the City  
Prosecutor's office upstairs."

So there the matter stands, seem-  
ingly between the devil and the deep  
sea, and no Solomon had come to judg-  
ment late yesterday afternoon to throw  
any light on it.

## CONDITION INSUFFERABLE.

In reality, the billboard situation in  
Los Angeles is growing insufferable.  
Los Angeles has been pronounced the  
"metropolis of sign boards," and one  
might say of sign boards so high they  
stand like ugly monuments  
against the sky, effectually screening  
the transcendent beauty of mountains  
pointing to heaven, of sun and shadow,  
and glory of atmospheric effects which  
a kind Creator has given to this fa-  
vored land.

Behold the abomination of desecra-  
tion pictured in the accompanying pho-  
tographs, taken in the heart of some  
of the most beautiful residence sec-  
tions. Signs mounted on top of signs,  
the basic ones being ten feet in height,  
without the additional real estate  
"ads" or family directories.

Just opposite Westlake Park the  
green drapery of the pepper trees are  
a background for flagrant violations  
of the intention of the law as to height.  
Near the Woman's Clubhouse, whose  
beauty of architecture brings to one  
dreams of the old mission days, is an-  
other lurid instance, defacing the  
landscape, and like a slap in the face  
to the women who are trying to re-  
move such unsightly structures.

The slimsy dollar seems to be  
more precious to the owners of vac-  
ant property in Los Angeles than any  
other earthly consideration. Sign-  
boards pay a small income to owners  
of unimproved property, but the city  
of Los Angeles so disfigured and com-  
mercialized, reaped last year the mere  
bagatelle of \$46 from these eyesores  
which they cover. They serve no civic  
purpose, and they pay for no needed  
improvements. Why should they be  
endured? Is the question asked by the  
Outdoor Art Section of the Civic As-  
sociation.

"Tax them out of existence," is to be  
the battle cry ere long.

## INCINERATOR PROTEST.

Ocean Park Residents Object to the  
Burner of Garbage Which is  
Proposed There.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

OCEAN PARK, Oct. 29.—The Ocean  
Park Trustees were presented tonight  
with an extensively signed and warmly  
worded protest against the new gar-  
bage incinerator that is half finished  
just outside of the southeast city lim-  
its. The protesters assert that if work  
on the plant is continued that an in-  
junction will be taken out and a dam-  
age suit instituted against the city.

They claim that if the garbage in-  
cinerator is such a benefit to the city  
that it should have been kept inside  
the city limits, and that the Trustees  
had no right to order its construction  
without the city limits. Its present loca-  
tion, they assert, greatly damaged  
property over which the city has no  
jurisdiction.

The plant is well under way. The  
first payment of \$2500 was made some  
time ago, and the Decarie company  
which is doing the work has presented  
a bill for the second payment of a  
like amount. The bill has been held  
up pending the disposition in regard to  
the citizens' protest. The incinerator  
is to cost \$10,000.

## NEWSPAPER PLANT AUCTION.

Obsequies were conducted today over  
the late Evening Review, when the  
printing plant was sold at public ven-  
ue to the representatives of a Los  
Angeles paper warehouse for \$1200.  
The printing plant was assigned to C. W.  
Fleming, as trustee, aggregated \$2100,  
but as the American Type Foundry  
for which the property was sold, the  
other creditors are privileged to charge  
\$1000 to experience auction in April,  
after a career covering about three  
years.
